INDEPENDENT AUDITOR'S REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

TO THE SHAREHOLDERS OF RETAL URBAN DEVELOPMENT COMPANY

(A Saudi Closed Joint Stock Company)

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Retal Urban Development Company (the "Company") and its subsidiaries (collectively referred to as the "Group") as at 30 June 2021 and the related condensed consolidated interim statement of profit and loss and other comprehensive income, condensed consolidated interim statement of changes in equity and condensed consolidated interim statement of cash flows for the six-month period then ended and explanatory notes. Management is responsible for the preparation and fair presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard No. 34 – "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on the condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' as endorsed in the Kingdom of Saudi Arabia. A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

Other Matter

We draw attention to the fact that the condensed consolidated interim financial information of the Company for the period from 1 January 2020 to 30 June 2020 have not been reviewed.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION (Continued)

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2021

2 BASIS OF PREPARATION

2.1 Basis of preparation

These condensed consolidated interim financial information of the Group for the six-month period ended 30 June 2021 have been prepared in accordance with IAS 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements adopted by the Saudi Organization for Chartered and Professional Accountants (SOCPA).

These condensed consolidated interim financial information do not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2020.

Moreover, the results of operations for the six-month period ended June 30, 2021 do not necessarily provide an indication of the apportionment results of operations for the year ending December 31, 2021. No apportion occurred on the profit of the period ended June 30, 2021 which is performed at the end of the financial year.

These condensed consolidated interim financial information have been prepared on historical cost basis, except for equity instruments and defined benefits obligations measured at fair value. The condensed consolidated interim financial information are presented in Saudi Riyals which is also the functional currency of the Group and all values are rounded to the nearest Riyal (SR), except when otherwise indicated.

2.2 Basis of consolidation

The condensed consolidated interim financial information comprise the financial information of the Parent Company and its subsidiaries as at 30 June 2021 and 31 December 2020 as disclosed in note 1.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group directly or indirectly has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- Any contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of consolidated other comprehensive income ("OCI") are attributed to the shareholders of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognised in profit or loss. Any investment retained is recognised at fair value.

3 ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these condensed consolidated interim financial information are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2020. The Group has not early adopted any other standard, interpretation or amendment that has been issued but not yet effective.

4 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

4.1 Judgements

Preparation of the accompanying condensed interim consolidated financial information and the application of accounting policies require from the Company's management to estimates, assumptions and diligence some items affecting financial assets and liabilities and to disclose contingent liabilities. These estimates and assumptions also affect income, expenses, provisions, expected credit losses and changes in fair value within condensed interim statement of comprehensive income and statement of shareholders' equity. And in a specific way, it requires the Group's management to estimate and assess the amounts and timing of future cash flows. The aforementioned estimates are based on several assumptions and factors with varying degrees of consideration and uncertainty. Furthermore, the actual results may differ from the estimates due to the changes arising from the conditions and circumstances of those estimates in the future.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

The estimates used in the condensed consolidated interim financial information are reasonable and consistent with the estimates used in preparing the consolidated financial statements for the year ended 31 December 2020.

4.2 Backdrop of the Covid-19 pandemic

The Group has reviewed the key sources of estimation uncertainties disclosed in the consolidated financial statements against the backdrop of the Covid-19 pandemic. Management believes that all sources of estimation uncertainty remain similar to those disclosed in the financial statements as of December 31, 2020. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

6 ACCOUNTS RECEIVABLE (Continued)

As of the date of these condensed consolidated interim financial information, the Group's accounts receivable - third parties are concentrated in 5 major counter parties in an amount of SR 12,604,134 (31 December 2020: 67,098,234), which is equivalent to 72% (31 December 2020: 81%) of the total accounts receivable - third parties.

The non-current portion of accounts receivable represents balances that management estimates to be collected after one year from the date of the statement of financial position.

An aged analysis of trade receivables - third parties is as follows:

		Pas	iired		
	Neither past due nor impaired	< 180 days	181-365 days	366-730 days	Total
	SR	SR	SR	SR	SR

31 December 2020	60,553,444	6,129,387	5,356,195	3,901,973	75,940,999

The Group measures the allowance for trade receivables at an amount equivalent to the expected lifetime credit loss. The expected credit losses from trade receivables are estimated using a matrix based on the experience of defaulting on the previous debtor's repayment and an analysis of the debtor's current financial position, adjusted for debtors' factors and the general economic conditions of the sector in which they work and assessing both the current trend and expectations for conditions in the history of the consolidated financial statements. No expected credit loss has been recorded as there has not been a significant change in credit quality.

The Group has determined that balances with related parties are collectible and fully recoverable and that the financial position of the related entities is good. Moreover, all the related parties balances are guaranteed by Al Fozan Holding Company (shareholder).

12 REFUNDABLE INCENTIVES

During the year 2018, the Group signed an agreement for the development, marketing and construction of Nesaj Town Project (the "Project") with Ministry of Housing (MOH) to build 674 residential units on a land owned by MOH and sell them to the eligible citizens at a pre-determined price under the MOH's homeownership program. Refundable MOH Incentive represents funds received from MOH to support the Group in financing the project. The incentive amount was deposited in an escrow bank account where withdrawals were restricted to project related expenditure. However, last year the Group has utilized all the balance in escrow account for project related expenses. Upon completing the construction work in the year 2020, MOH started the withdrawal of the incentive balance from the sale proceeds deposited in the escrow bank account which is amounted to SR 73.02 million (31 December 2020: SR 35 million) during the period, remaining balance is expected to be settled in 2021. Further, the MOH is committed to buy the remaining unsold residential units by the time of completing the construction. Settlement related to this commitment will be through offsetting the refundable incentive balance. During 2020, the project has been totally sold, and the incentives has been paid to the MOH in total during the period ended 30 June 2021.

Contract liabilities (see note (b) below)	26,795,847	24,690,054

a) Contract assets:

Contract assets are initially recognised for revenue earned from construction contracts as receipt of consideration is conditional on successful completion of specific milestones. Upon completion of a milestone and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

b) Contract liabilities:

Contract liabilities include long-term advances against construction contracts and short-term advances received to provide services as well as transaction price allocated to unsatisfied performance obligations.

17.3 PERFORMANCE OBLIGATIONS

Revenue from sale of investment properties and real estate units:

Revenue is recognized from sale of developed projects upon the completion of the related legal formalities or unconditional exchange. Revenue is recognized to the extent that it is probable that economic benefits will flow to the Group and the significant risks and rewards of ownership of the sold assets have been transferred to the buyer. Revenue from sale of projects and developed land is measured at the value of consideration received.

Construction contracts:

Revenue is recognised over time based on the cost-to-cost method. The related costs are recognised in profit or loss when they are incurred. Payments terms comprise a long-term advance, progress payments and payment of retentions one or two years after completion of the project. The duration of each project depends on the size and complexity of customer design and normally span for more than one year.
