Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2014 condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

6.1 During the year, the management carried out an assessment of the Company's ability to exercise significant influence over an equity accounted investee. It was concluded that the Company has not been able to participate in the operating and financial policy of investee due to some practical reasons, and the Company's ability to exercise significant influence is restrained. Accordingly this investment has been reclassified to "available for sale" from "investment in an associate".

60,007,901

46,690,310

Accordingly, following adjustments have been done:

- a) Recorded amounts of the Company's share of profit and reserves in the equity accounted investee have been reversed by removing these from the opening balance of retained earnings and reserves on 1 January 2013.
- b) Fair value of the investment is recognized. However, due to non availability of reliable fair value information relating to prior periods, cost of investment is assumed to approximate the fair value.
- c) Fair value changes for the current and comparative period are recorded in statement of comprehensive income. The financial impact of reclassification are as follows:
