**Independent Auditors' Review Report on the**  
**Interim Condensed Consolidated Financial Statements**

To the Shareholders of Arab National Bank  
(A Saudi Joint Stock Company)

**Introduction:**

We have reviewed the accompanying interim consolidated statement of financial position of Arab National Bank (the "Bank") and its subsidiaries (collectively referred to as the "Group") as at 30 September 2017, and the related interim consolidated statements of income and comprehensive income for the three and nine month periods then ended and the related interim consolidated statements of changes in equity and cash flows for the nine month period then ended and explanatory notes (the "interim condensed consolidated financial statements"). Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") and Saudi Arabian Monetary Authority ("SAMA") guidance on accounting for zakat and tax. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

**Scope of Review:**

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion:**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements as at 30 September 2017 are not prepared, in all material respects, in accordance with IAS 34 and SAMA guidance on accounting for zakat and tax.

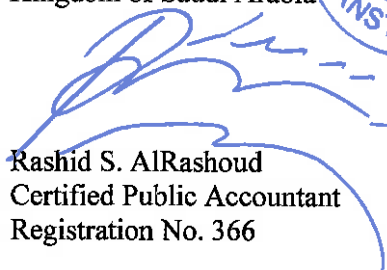

**Other Regulatory Matters:**

As required by SAMA, certain capital adequacy information has been disclosed in note (15) to the accompanying interim condensed consolidated financial statements. As part of our review, we compared the information in note (15) to the relevant analysis prepared by the Bank for submission to SAMA and found no material inconsistencies.

**ARAB NATIONAL BANK – Saudi Joint Stock Company**  
**Notes to the Interim Condensed Consolidated Financial Statements**  
**For the nine month period ended September 30, 2017 and 2016**  
**(Unaudited)**  
**(SAR'000)**

**1. General**

Arab National Bank (a Saudi Joint Stock Company, the Bank) was formed pursuant to Royal Decree No. M/38 dated Rajab 18, 1399H (corresponding to June 13, 1979). The Bank commenced business on February 2, 1980 by taking over the operations of Arab Bank Limited in the Kingdom of Saudi Arabia. The Bank operates under Commercial Registration No. 1010027912 dated Rabi Awal 1, 1400H (corresponding to January 19, 1980) through its 144 branches (2016: 151 branches) in the Kingdom of Saudi Arabia and one branch in the United Kingdom. The address of the Bank's head office is as follows:

Arab National Bank  
P.O. Box 56921  
Riyadh 11564  
Kingdom of Saudi Arabia

The objective of the Bank is to provide a full range of banking services. The Bank also provides its customers non-commission based banking products which are approved and supervised by an independent Shariah Board established by the Bank.

The interim condensed consolidated financial statements comprise the interim condensed financial statements of the Bank and the following subsidiaries:

**Arab National Investment Company (ANB Invest)**

In accordance with the Capital Market Authority (CMA) directives, the Bank has established ANB Invest, a wholly owned subsidiary (directly and indirectly), a Saudi closed joint stock company, registered in the Kingdom under Commercial Registration No. 1010239908 issued on Shawwal 26, 1428H (corresponding to November 7, 2007), to takeover and manage the Bank's investment services and asset management activities related to dealing, managing, arranging, advising and custody of securities regulated by the CMA. The subsidiary commenced its operations effective on Muharram 3, 1429H (corresponding to January 12, 2008). Accordingly, the Bank started consolidating the financial statements of the above mentioned subsidiary effective January 12, 2008. On Muharram 19, 1436H (corresponding to November 12, 2014), the subsidiary changed its legal structure from a limited liability company to a closed joint stock company. The objective of the subsidiary was amended and approved by CMA Board of Commissioners on Muharram 28, 1437 H (corresponding to November 10, 2015) through a resolution number S/1/6/14832/15 to include dealing as a principal. The objective of the subsidiary was further amended on Sha'ban 26, 1437H (corresponding to June 2, 2016) to provide loans to the subsidiary's customers to trade in financial papers as per the Saudi Arabian Monetary Authority's circular No. 371000014867 dated 5/2/1437H, and the CMA's circular No. S/6/16287/15 dated 10/3/1437H.

**Arabian Heavy Equipment Leasing Company (AHEL)**

An 87.5% owned subsidiary incorporated in the Kingdom, as a Saudi closed joint stock company, under Commercial Registration no 1010267489 issued in Riyadh dated Jumada I 15, 1430H (corresponding to May 10, 2009). The company is engaged in the leasing of heavy equipment and operates in compliance with Shari'ah principles. The Bank started consolidating the subsidiary's financial statements effective May 10, 2009, the date the subsidiary started its operations. On May 6, 2014 the Bank increased its ownership percentage in this subsidiary from 62.5% to reach 87.5%.

**ANB Insurance Agency**

A Saudi limited liability company established during 2013 as a wholly owned subsidiary, registered in the Kingdom under Commercial Registration no. 1010396423 issued in Riyadh dated Muharram 28, 1435H (corresponding to December 1, 2013). **ANBI Business Gate Fund (the Fund)**

The Bank owns indirectly 25.47% of the Fund, which is a closed-ended private placement real estate investment fund launched on August 25, 2014 for a period of 5 years starting from date of closure of first offering on January 11, 2015. CMA has been informed of the offering of the Fund through letter number 8/14//411 dated Shawwal 9, 1435H (corresponding to August 5, 2014). The Fund's purpose is to acquire real estate assets, an income generating real estate property located in the city of Riyadh, out of which the Fund will receive rental and hotel operating income over the Fund term. The Group has significant aggregate economic interest in the Fund and manages the Fund through an agreement between Arab National Investment Company (the "Fund Manager") and the Fund Investors (the "Unitholders"). As a result, management has concluded that the Group has effective control of the Fund and started consolidating the Fund's financial statements effective December 31, 2015, the date of effective control.

**ANB Global Markets Limited**

The Bank established on January 31, 2017 ANB Global Markets Limited, as a limited liability company registered in the Cayman Islands. The Bank has 100% ownership. The objective of ANB Global Markets Limited is trading in derivatives and Repo activities on behalf of the Bank.

**2. Basis of preparation**

During 2017, SAMA issued a Circular no. 381000074519 dated April 11, 2017 and subsequent amendments to the circular were made by SAMA through certain clarifications relating to the accounting for zakat and tax. The impact of these amendments are as follows:

- The Accounting Standards for Commercial Banks promulgated by SAMA are no longer applicable from January 1, 2017; and
- Zakat and tax are to be accrued on a quarterly basis and recognized in the consolidated statement of shareholders' equity with a corresponding liability recognized in the consolidated statement of financial position.

Applying the above framework, the interim condensed consolidated financial statements of the Group as at and for the nine-month period ended September 30, 2017 have been prepared using the International Accounting Standard (IAS) 34 – Interim Financial Reporting and SAMA guidance for the accounting of zakat and tax.

Until 2016, the consolidated financial statements of the Group were prepared in accordance with the Accounting Standards for Commercial Banks promulgated by SAMA and International Financial Reporting Standards ("IFRS"). This change in framework resulted in a change in accounting policy for zakat and income tax (as disclosed in note 4(a)) and the effects of this change are disclosed in note 16 to the interim condensed consolidated financial statements.

The interim condensed consolidated financial statements do not include all information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2016.

The preparation of interim condensed consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed consolidated financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements for the year ended December 31, 2016.

These interim condensed consolidated financial statements are expressed in Saudi Arabian Riyals (SAR) and are rounded off to the nearest thousand, except where indicated otherwise.

**3. Basis of consolidation**

The interim condensed consolidated financial statements comprise the interim condensed financial statements of the Bank and its subsidiaries (collectively referred to as the Group). The financial statements of the subsidiaries are prepared for the same reporting period as that of the Bank, using consistent accounting policies. Adjustments have been made to the financial statements of the subsidiaries where necessary to align them with the Bank's interim condensed consolidated financial statements.

Subsidiaries are investees controlled by the Group. The Group controls an investee when it is exposed to, or has rights to, variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The financial statements of subsidiaries are included in the interim condensed consolidated financial statements from the date that control commences until the date that control ceases.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangements with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights granted by equity instruments such as shares.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the interim consolidated statement of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary;
- Derecognises the carrying amount of any non-controlling interests;
- Derecognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss; and
- Reclassifies the parent's share of components previously recognised in Other Comprehensive Income to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

Non-controlling interests represent the portion of net income or loss and net assets not owned, directly or indirectly, by the Bank and are presented separately in the interim consolidated statement of income and within equity in the interim consolidated statement of financial position, separately from the equity holders of the Bank. Any losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance. Acquisitions of non-controlling interests are accounted for using the purchase method of accounting, whereby, the difference between the cost of acquisition and the fair value of the share of the net assets acquired is recognized as goodwill.

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with the owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

Non-controlling interests are subsequently adjusted for their share of changes in equity of the consolidated subsidiary after the date of acquisition.

All intra-group assets and liabilities, equity, income and expenses relating to transactions between members of the Group are eliminated in full on consolidation.

**4. Significant Accounting policies**

The accounting policies, estimates and assumptions used in the preparation of these interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended December 31, 2016 except for:

**a) Change in the accounting policy in relation to accounting for Zakat and income tax**

The Group amended its accounting policy relating to zakat and income tax and have started to accrue zakat and income tax on a quarterly basis and charging it to retained earnings. Previously, zakat and income tax were deducted from dividends upon payment to the shareholders and was recognized as a liability at that time. In case no dividends were paid, zakat and income tax were accounted for as part of the appropriation of retained earnings. The Group has accounted for this change in the accounting policy relating to zakat and income tax retrospectively and the effects of the above change are disclosed in note 16 to the interim condensed consolidated financial statements.

**b) Adoption of the following amendments to existing standards mentioned below which have had no significant financial impact on the interim condensed consolidated financial statements of the Group in the current or prior periods and are expected to have no significant effect in future periods:**

- Amendments to IAS 7, Statement of cash flows on disclosure initiative: Applicable for annual periods beginning on or after 1 January 2017

These amendments introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities. This amendment is part of the IASB's Disclosure Initiative, which continues to explore how financial statement disclosure can be improved.

The table below sets out the positive and negative fair values of derivative financial instruments, together with their notional amounts, analysed by the term to maturity. The notional amounts, which provide an indication of the volumes of the transactions outstanding at the end of the period, do not necessarily reflect the amounts of future cash flows involved. These notional amounts, therefore, are neither indicative of the Group's exposure to credit risk, which is generally limited to the positive fair value of the derivatives, nor to market risk.

**11. Operating segments**

IFRS 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief executive officer in order to allocate resources to segments and to assess its performance.

For management purposes, the Group is organized into the following major operating segments:

**Retail banking**

Deposit, credit and investment products for individuals.

**Corporate banking**

Loans and advances, deposits and other credit products for corporate and institutional customers, small to medium sized businesses, and the Bank's London Branch.

**Treasury**

Manages the Bank's trading and investment portfolios and the Bank's funding, liquidity, currency and commission rate risks.

**Investment and brokerage services**

Investment management services and asset management activities related to dealing, managing, arranging and advising, and custody of securities.

**Other**

Includes income on capital and unallocated costs, assets and liabilities pertaining to the Head Office and other supporting departments.

Transactions between the operating segments are reported as recorded in the Group's transfer pricing system. The Group has amended the transfer pricing methodology, effective from January 1, 2016 to enhance the business segment reporting. These changes have been applied retrospectively, hence the basis for determining intersegment operating income/(expense) for the current period are consistent with the basis used for September 30, 2016. Segment assets and liabilities comprise mainly operating assets and liabilities.

The Group's primary business is conducted in the Kingdom of Saudi Arabia with one international branch in London. However, the total assets, liabilities, commitments and results of operations of this branch are not material to the Group's overall interim condensed consolidated financial statements.

**12. Share capital / Basic and diluted earnings per share**

As at September 30, 2017, the authorized, issued and fully paid share capital of the Bank consists of 1,000 million shares of SAR 10 each (December 31, 2016 and September 30, 2016: 1,000 million shares of SAR 10 each).

Basic and diluted earnings per share for the periods ended September 30, 2017 and 2016 are calculated by dividing the net income for the period attributable to equity holders of the Bank by 1,000 million shares. The diluted earnings per share is the same as the basic earnings per share.

**13. Interim Dividends**

The Board of Directors has approved an interim dividend of SAR 550 million for distribution to the shareholders from the net income for the period ended September 30, 2017 (September 30, 2016: SAR 450 million). This interim dividend resulted in a payment to the shareholders of SAR 0.55 per share, net (September 30, 2016: SAR 0.45 per share, net).

**14. Fair values of financial assets and liabilities**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the accessible principal market for the asset or liability; or
- ii) In the absence of a principal market, in the most advantageous accessible market for the asset or liability.

The fair values of on-balance sheet financial instruments are not significantly different from their carrying amounts included in the interim condensed consolidated financial statements.

**Determination of fair value and fair value hierarchy**

The Bank uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: quoted prices in active markets for the same instrument (i.e., without modification or repacking);

Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data; and

Level 3: valuation techniques for which any significant input is not based on observable market data.

**a. Carrying amounts and fair value**

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments. It does not include the fair value hierarchy information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

**b. Measurement of fair values**

**i. Valuation technique and significant unobservable inputs**

The following table shows the valuation techniques used in measuring level 2 and Level 3 fair values at September 30, 2017 and December 31, 2016 as well as the significant unobservable inputs used.

<b>Type</b>	<b>Valuation technique</b>	<b>Significant unobservable inputs</b>	<b>Inter-relationship between significant unobservable inputs and fair value measurement</b>
FVIS investments	Fair value is determined based on the fund's most recent reported net assets value of the funds.	None	Not applicable
Available for sale investments classified as Level 2 include plain vanilla bonds for which market quotes are not available.	Fair valued using simple discounted cash flow techniques that use observable market data inputs for yield curves and credit spreads.	None	Not applicable
Available for sale investments classified as Level 3 include Private Equity Funds	Fair value is determined based on the fund's most recent reported net assets value of the funds.	None	Not applicable
Derivatives classified as Level 2 are comprised of over the counter special commission rate swaps, currency swaps, special commission rate futures and options, spot and forward foreign exchange contracts, currency and commodity options and other derivative financial instruments	These instruments are fair valued using the Bank's proprietary valuation models that are based on discounted cash flow techniques. The data inputs on these models are based on observable market parameters relevant to the markets in which they are traded and are sourced from widely used market data service providers.	None	Not applicable
Financial assets and liabilities that are disclosed at fair value and classified as Level 2 include loans and advances, investments held at amortized cost, and debt issuances.	These instruments are fair valued using simple discounted cash flow techniques that use observable market data inputs for yield curves and credit spreads.	Additional buffer is added to the credit spreads to account for any potential model discrepancy or any stressed market conditions.	The higher is the credit spread, the lower is the valuation; vice versa.

**ii. Transfer between levels of the fair value hierarchy**

There have been no transfers within levels of the fair value hierarchy during the nine months period ended September 30, 2017 and 2016.

**15. Capital Adequacy**

The Group's objectives when managing capital are, to comply with the capital requirements set by SAMA; to safeguard the Group's ability to continue as a going concern; and to maintain a strong capital base. During the period, the Group has fully complied with regular capital requirements.

The Group monitors the adequacy of its capital using ratios established by SAMA. These ratios measure capital adequacy by comparing the Group's eligible capital with its interim consolidated statement of financial position assets, commitments and notional amount of derivatives at a weighted amount to reflect their relative risk.

SAMA has issued the framework and guidance regarding implementation of the capital reforms under Basel III – which are effective starting January 1, 2013. Accordingly, the Group's pillar I consolidated Risk Weighted Assets (RWA), total capital and related ratios are as follows:

	<b>September 30, 2017 (Unaudited)</b>	December 31, 2016 (Audited)	September 30, 2016 (Unaudited) (Restated)
Credit Risk RWA	<b>143,487,130</b>	142,002,565	144,621,427
Operational Risk RWA	<b>13,269,300</b>	12,892,057	12,881,909
Market Risk RWA	<b>1,703,666</b>	933,982	772,969
<b>Total Pillar-I RWA</b>	<b>158,460,096</b>	155,828,604	158,276,305
 Tier I Capital	 <b>24,042,881</b>	 22,785,361	 22,444,059
Tier II Capital	<b>3,066,451</b>	2,881,451	2,881,451
<b>Total Tier I &amp; II Capital</b>	<b>27,109,332</b>	25,666,812	25,325,510

**Capital Adequacy Ratio %**

Tier I ratio	<b>15.17%</b>	14.62%	14.18%
Tier I + Tier II ratio	<b>17.11%</b>	16.47%	16.00%

The Group maintains an actively managed capital base to cover risks inherent in the business. The adequacy of the Group's capital is monitored using, among other measures, the rules and ratios established by the Basel Committee on Banking Supervision as adopted by the SAMA in supervising the Bank.
