INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS OF WATANI IRON STEEL COMPANY (A SAUDI JOINT STOCK COMPANY)

#### INTRODUCTION

We have reviewed the accompanying interim statement of financial position of Watani Iron Steel Company (the "Company") as at 30 June 2025 and the related interim Statement of profit or loss and other comprehensive Income for the three-month and six-month periods then ended and the interim statement of changes in equity and cash flows for the six-month period then ended, and a summary of material accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim financial statements based on our review.

#### SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

#### 2. BASIS OF PREPARATION

#### 2-1 Basis of compliance

These interim condensed financial statements have been prepared in accordance with IAS 34 'Interim Financial Reporting' that is endorsed in Kingdom of Saudi Arabia and other standards and pronouncements that are issued by Saudi Organization for Chartered and Professional Accountants ("SOCPA") and should be read in conjunction with the Company financial statements for the year ended on 31 December 2024. These financial statements does not include all of the information and disclosures required in the annual statements to prepare a complete set of financial statements; however, the accounting policies and explanatory notes are included to explain events and the important transactions to understand the changes in the Company financial position and its performance since 31 December 2024. In addition the results for the three – month and six month periods ending 30 June 2025 are not necessarily indicative of the results that maybe expected for the year ending 31 December 2025

#### 2-2 Basis of measurement

The interim condensed financial statements have been prepared on a historical cost basis, except for recognition of employees' end of service benefits at the present value of future obligations using the expected unit credit method.

#### 2-3 Functional and presentation currency

These interim financial statements are presented in Saudi Riyals, which is the functional currency of the Company.

#### 2-4 Going concern

As at June 30, 2025, the Company's current liabilities exceeded its current assets by SAR 19,050,696 (December 31, 2024: SR 29,126,998) This is mainly attributable to the outstanding balance of short term loans amounting to SAR 75,095,993 as of 30 June 2025 (31 December 2024: SAR 64,158,681). Despite the working capital deficit, the Company generated positive operating cash flows of SAR 3,038,550 as of 30 June 2025 (31 December 2024: SAR 43,301,473), which indicates the Company's ability to meet its obligations as they fall due. Furthermore, the Company reported a net profit of SAR 1,116,484 for the six-month period ended 30 June 2025. Management believes it can obtain additional credit facilities if needed. Accordingly, the condensed interim financial statements have been prepared on a going concern basis.

#### 16. FAIR VALUE MEASUREMENT

Fair value is the amount at which an asset can be exchanged or an obligation repaid in a transaction between market participants at the measurement date. The measurement of fair value is based on the assumption that the transaction of the asset sale or obligation transfer will take place either

through the main market for an asset or obligation, or

Through the market is more beneficial to the asset or liability in the absence of the main market. The main market or the most beneficial market must be available for the group to access.

The fair value of an asset or liability is measured either using the assumptions used by market parties when pricing an asset or liability on the assumption that market parties are acting in their best economic interests.

(A Saudi Joint Stock Company)

**Notes to the Interim Financial Statements** 

For the six-month period ended 30 June 2025

(All amounts in Saudi Riyals unless otherwise stated)

#### 16. FAIR VALUE MEASUREMENT (continued)

Measuring the fair value of a non-financial asset takes into account the ability of market parties to .17 provide economic benefits by using the asset for its best benefit or by selling it to another market party for use for its best benefit.

All assets and liabilities whose fair values are measured or disclosed in the interim condensed financial statements are classified into the lower-level data which is essential for measuring fair and consolidated value within the fair value hierarchy set out below as a whole:

- Level I: Prices traded in active markets for the same assets or liabilities.
- Level II: Other valuation methods in which the minimum material data are directly or indirectly observed to measure fair value.
- Level III: Other valuation methods in which the minimum material data are not noticeable to measure fair value.

For assets and liabilities included in the condensed and recurring interim financial statements, the company determines whether transfers to the lower level of data have been made between levels in the hierarchy by revaluing the classification based on the lower level of material data to measure fair value as a whole at the end of each condensed interim financial statement period. The book value of financial assets that cannot be measured at fair value is the approximate value of their fair value. Financial liabilities are measured on the basis of amortized cost and reasonably close to their fair value, all financial assets and liabilities are measured at amortized cost The book value of all assets and other financial liabilities measured at amortized cost approximates their fair values.

#### 17. SUBSEQUENT EVENTS

The company announced a partial fire in the external fuel tank at its factory located in Riyadh on the morning of Saturday, August 9, 2025 the incident was brought under control by the relevant authorities, which led to a temporary halt in production until the site's safety was fully assured. We would like to note that there was no damage to the main production lines inside the factory, and there were no injuries or human losses management believes that there have been no other significant subsequent events since the end of the period that would require disclosure or amendment to these interim condensed financial statements .

#### 18. APPROVAL OF THE INTERIM FINANCIAL STATEMENTS

The interim financial statements for the period ended 30 June 2025, have been approved by the Board of Directors on 16 Safar 1447H (corresponding to 10 August 2025).
