## INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To the **Shareholders of The Northern Region Cement Company**  
(A Saudi Joint Stock Company)

### Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of **Northern Region Cement Company** (a Saudi Joint Stock Company) "the company" and its subsidiaries collectively referred to together as the "Group", as of June 30, 2022, and the related interim condensed consolidated statement of profit or loss and the other comprehensive income, interim condensed consolidated statements of changes in shareholders' equity and interim condensed consolidated cash flows six-month periods then ended, and a summary of significant accounting policies and other explanatory notes.

The company's management is responsible for preparing and presenting these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 (interim Financial Reporting) endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of Review:

We conducted our review in accordance with the International Standard on Review Engagements No. (2410) Review of interim Financial Information performed by the independent auditor of the entity, endorsed in the Kingdom of Saudi Arabia. A review of the interim condensed consolidated financial statements consists of making inquiries, primarily, to those responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards of Auditing endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express such an audit opinion.

### Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements as of June 30, 2022 have not been prepared in all material respects, in accordance with the International Accounting Standard No. 34 (Interim Financial Report) endorsed in the Kingdom of Saudi Arabia.

- 1- Northern Cement's consolidated financial statements include the Hashemite Kingdom of Jordan. The financial statements of its subsidiary (White Stars Mining Investment Ltd) which 100% owned by the subsidiary, and for the purposes of preparing these interim condensed consolidated financial statements, all important balances and operations have been excluded and settled between the company and its subsidiary (Northern Cement Jordan).

In addition to the profits (losses) resulting from these operations with the subsidiary, the subsidiary's activity includes the clinker industry, grinding, cement industry and the implementation of industrial projects.

During the last year, the participation in The Northern Cement Company of The Hashemite Kingdom of Jordan was increased to buy shares through the subsidiaries of Deyaar Nagd for contracting & Trading Ltd. Company and Sama Al Yamamah.

- 2- The above subsidiaries are private-purpose companies established in the United Arab Emirates for the purpose of owning stakes in Northern Cement, a public joint stock company registered in Amman, Jordan.
- 3- During the first quarter of 2018, the company acquired the entire shares Um-Qasr Northern Cement Company Ltd, which is registered in The Jebel Ali area of Dubai with a capital of AED 6,064,527. Which in turn owns 70% of the shares of Um-Qasr Northern Cement Company Ltd, an Iraqi limited liability company that has the right to implement a contract to qualify, operate and participate in the production of basra cement plant in the Republic of Iraq, while the subsidiary of Northern Cement - Jordan owns 20% of the shares of the Iraqi company referred to above.

**3- The Foundations of the preparation of interim condensed consolidated financial statements:**

**3-1 Statement of commitment**

These interim condensed consolidated financial statements were prepared in accordance with IAS 34 (Interim Financial Reports) endorsed in the kingdom of Saudi organization for certified public accountants (SOCPA)

These interim condensed consolidated financial statements don't include all the information and disclosures required to prepare a full set of the consolidated financial statements. Hence, these interim condensed consolidated financial statements should be read on conjunction with the group consolidated financial statements for the year ended December 31, 2021

**3-2 Accounting basis**

Consolidated financial statements are prepared in accordance with the principle of historical cost and using Accrual basis and the concept of continuity of activity, excluding financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss and investments in associate companies which are recorded in accordance with the method of equity.

**3-3 Use of estimation and judgments.**

The preparation of these consolidated financial statements requires management to use provisions and estimates that affect the application of accounting policies and the amounts listed for assets, liabilities, revenues, and expenses. Actual results may differ from these estimates. The areas of management are important in the application of accounting policies and important sources of estimates and uncertainties that have a substantial impact similar to those described in the consolidated financial statements of the previous year.

---

These interim condensed consolidated financial statements, which include the interim condensed consolidated financial position statement, the interim condensed consolidated comprehensive profit or loss and the interim condensed consolidated income statement, the interim condensed consolidated statement of changes in shareholder's equity, the interim condensed consolidated cash flow statement and clarifications on the Group's consolidated financial statements, include assets, liabilities and results of the company's business and subsidiaries as shown in Clarification No. 2. Subsidiaries are the companies controlled by the Group, and in particular, the group controls the invested company only when the group has:

- Authority over the invested company (the existence of rights that give the group a current ability to direct activities related to the company invested in it).
- Exposure to risks or has rights to obtain different returns through its relationship with the company in which it invests.
- The ability to use its powers over the invested company to influence its returns.

In general, there is an assumption that the majority of voting rights result in control. In support of this assumption, when the group has less than a majority in voting rights or similar rights in the company in which it is invested, the Group takes into account all the facts and circumstances involved in this when ascertaining whether it exercises control over the company in which it invests, including:

- Contractual arrangements with other voting rights holders of the company in which the investor is invested.
- Rights resulting from other contractual arrangements.
- The voting rights of the group and the potential voting rights.

Subsidiaries are consolidated from the date they begin to control and until they cease to exercise that control. The group accounts for the aggregation of the business using the acquisition method when the control of the group is transferred. The converted compensation in the acquisition is generally measured at fair value, as is the case with the net identifiable assets acquired. The increase in the cost of acquisition plus the fair value of non-controlling property rights is recorded over the fair value of the net identifiable assets acquired as a reputation in the consolidated financial position statement. Non-controlling equity is measured by its share of net assets identifiable to the company acquired at the date of acquisition. The share in profit or loss and net assets not controlled by the Group is listed as a separate item in the consolidated profit or loss and income statement and within the equity in the consolidated financial position statement. Both transactions as well as unrealized balances, profits and losses resulting from transactions between group companies are excluded. Accounting policies of subsidiaries are adjusted, if necessary, to ensure that they comply with the policies of the Group.

**4- Significant accounting policies:**

The accounting policies applied to these the interim condensed consolidated financial statements are the same as those applied to the consolidated financial statements for the fiscal year ended December 31, 2021.

**\*Goodwill:**

Goodwill represents the fame resulting from the group's acquisition of equity in Northern Cement during the third quarter of 2011, a public joint stock company registered in Amman, Jordan, on May 2, 2007.

Management conducts an impairment test to ensure that there is no impairment at the end of each financial year. The management found that no needs to be recorded impairment loss of value had resulted from this test.

The recoverable value is determined on the basis of the information used to calculate the current value of the expected five-year cash flow based on the management-approved budget.

Sensitivity to changes in assumptions:

Management believes that there are no reasonable potential changes in any of the underlying assumptions below that could result in a reduction in the recoverable value of the cash-generating unit, including substantially the reputation for its book value.

Basic assumptions used to calculate the present value:

Basic assumptions	Percentage
Discount rate	15%
Average estimated profit rate after tax to sales	32.10%
Average annual sales growth rate	15.20%

**Plant franchises:**

A subsidiary has entered into an agreement with the General Cement Southern Company (one of the companies of the Ministry of Industry and Minerals in the Republic of Iraq) to rehabilitate and operate the Basra cement plant for 26 years from the end of the rehabilitation period, in exchange for free shares of cement produced for the Iraqi government.

**Software:**

Software Intangible assets are programs and payments for the development of these programs that are extinguished over the estimated production life of 4 years.

## 13- Capital management:

In order to manage the group's capital, the capital includes equity and all other equity reserves belonging to the group's owners. The main purpose of managing the group's capital is to maximize the value of shareholders' shares. The Group manages and adjusts its capital structure considering changes in economic conditions and financial commitment requirements. To maintaining or modifying the capital structure, the Group may adjust dividend amounts paid to shareholders, return capital to shareholders or issue new shares. The group monitors capital using the leverage ratio, which represents net debt divided by total capital plus net debt. The group's liabilities include net debt, term loans, commercial accounts payable, payable expenses and other credit balances, minus bank balances.

## 15- Fair Value of Financial Tools

**Northern Cement Company**  
**(Saudi Joint Stock Company)**  
**Notes to the Interim condensed consolidated financial statements**  
**For the six-month period ended June 30, 2022**  
**(All amounts are in Saudi Riyals unless otherwise stated)**

Fair value is the amount received when an asset is sold or paid to transfer a liability in an organized transaction between market participants on the date of measurement. The company's financial instruments consist of financial assets and financial liabilities. The company's financial assets consist of cash and its equivalents, trade receivables, advance payments to suppliers, other debit balances and due from related parties. Financial liabilities consist of trade payables, due to related parties and other credit balances.

The fair value of financial instruments is not significantly different from their book value, unless otherwise indicated.

**16- Risk management**

**Special commission price risk**

Special commission price risk relates to the risks resulting from the fluctuation of the value of a financial instrument as a result of the change in the prevailing commission rates in the market, and the company is subject to the risk of special commission rates on its assets associated with special commissions such as Murabaha deposits and credit facilities.

**Credit risk**

Credit risk is that one financial instrument does not meet its obligations and causes the other party to suffer a financial loss. The Group is exposed to credit risk on cash in the Fund, banks, receivables and commercial debtors as follows:

	<b>June 30, 2022</b>	<b>December 31, 2021</b>
	<b>(Unaudited)</b>	<b>(Audited)</b>
Trade Receivable, net	105,360,492	86,686,991
Due from related parties	123,585,128	129,493,724
Notes Receivable	32,093,684	28,146,593
Cash and cash equivalent	46,415,695	18,294,771
	<b>307,454,999</b>	<b>262,622,079</b>

**17- Risk management (Continued)**

The Group manages customer credit risk by dealing with customers with a reliable credit history, obtaining high-quality guarantees when necessary, monitoring unpaid balances, and banking by dealing only with reputable banks.

**Liquidity risk**

Liquidity risk is that the group has difficulty in providing funds to meet its financial obligations associated with financial instruments.

Liquidity risks may arise from the inability to sell financial assets quickly at an amount of near their fair value. The Group manages liquidity risk by monitoring working capital requirements and cash flows regularly and ensuring that banking facilities are available when needed. The group's terms of contract require 30-90 days from the date of invoices, and commercial accounts are usually paid within 30-45 days of billing.

**Increased risk concentration**

The concentration of risks arises when a number of other parties engage in similar business activities or activities in the same geographical area or when they have economic characteristics that result in their ability to meet contractual obligations similarly affected by changes in economic, political or other circumstances. The concentration of risks indicates the relative sensitivity of the group's performance to developments affecting an industry.

**18- Interim condensed results and adjustments for the period**

All adjustments that the company's management deemed important have been prepared so that the interim condensed consolidated balance sheet and business results for the period appear fairly. The business results for the interim condensed consolidated financial period may not represent an accurate indication of the actual results of the full year business.

**19- Dividends paid:**
