## INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF METHANOL CHEMICALS COMPANY (A SAUDI JOINT STOCK COMPANY)

### Introduction:

We have reviewed the accompanying interim condensed statement of financial position of Methanol Chemicals Company (the "Company"), a Saudi Joint Stock Company as at 30 June 2022, and the related interim condensed statement of comprehensive income for the three-month and six-month periods ended 30 June 2022 and related interim condensed statements of changes in equity and cash flows for the six-month period then ended, and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

### Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

### *COVID-19 Impact assessment*

During 2021, the Company witnessed an increase in the prices of most of its products, primarily due to increase in demand of such products as lockdowns in key markets and countries have been relaxed. The increase in prices of such products resulted in an increase in revenue and profitability for the year. However, management took into account recent developments of the industry, forecasted demand and pricing of the Company’s products and market volatility driven from new COVID-19 variants and concluded that it is no longer viable to continue with two product lines of the Company. Accordingly, the Company recorded an impairment loss of Saudi Riyals 25.0 million in the financial statements for the year ended 31 December 2021.

During the six-month period ended 30 June 2022, the global economy is recovering faster than was expected at the beginning of the previous year, and the number of people vaccinated against COVID-19 is increasing. In addition, protective measures and contact restrictions are relaxed. With the recovery of global economy during the period, the Company has witnessed further increase in the prices of most of its products, primarily due to increase in demand of such products as lockdowns in key markets and countries have been relaxed. The increase in prices of such products has resulted in an increase in revenue and profitability for the period. Uncertainty remains, however, with the prospect of further COVID-19 outbreak as a result of new variants, for instance.

The Company’s management has also assessed other impacts of COVID-19 on its operations and continues to take preventative measures to ensure the health and safety of its employees and minimize the impact of the pandemic on its operations. However, as the situation is fluid and evolving, management continues to monitor and is taking necessary steps to ensure the continuity of its operations.

### *Restructuring of long-term borrowings*

As explained in Note 5, during the three-month period ended 31 March 2021, the Company signed agreements with the respective lender institutions to restructure its long-term borrowings. Further, during the period ended 31 March 2022, for identifying the optimum financing structure and work with the lenders to implement a sustainable financial solution with improved terms and conditions, the Company has appointed a financial advisor.

Subsequent to 30 June 2022, the Company entered in to Murabaha facility agreement with Banque Saudi Fransi acting as Murabaha Investment Agent for the purpose of repayment of existing financing facilities. Total facility available under the new agreement amounts to SR 455 million which is repayable in variable instalments commencing from 31 December 2022 with the last instalment due on 31 December 2030. In addition to Murabaha refinancing facility, an additional Murabaha expansion facility of SR 240 million is also available under the agreement for project financing subject to meeting initial conditions precedent prior to utilisation of the facility during 2023.

### *Equity restructuring*

During the Company’s extraordinary General Assembly meeting held on 18 Dhu’l-Qi’dah 1442H (corresponding to 28 June 2021), a decrease in share capital from Saudi Riyals 1,206,000,000 to Saudi Riyals 674,508,630 was approved by the shareholders as proposed by the Board of Directors. The decrease in share capital has been approved through absorbing accumulated losses of the Company amounting to Saudi Riyals 531,491,370. The legal formalities relating to the above were also completed in 2021. The earnings per share (note 8) for the comparative period has been adjusted retrospectively to reflect the treatment of the effect of decrease in share capital as required by the relevant accounting standard.

On 9 August 2021, the Board of Directors of the Company resolved and recommended to the shareholders of the Company to increase the Company’s share capital from Saudi Riyals 674,508,630 to Saudi Riyals 1,225,000,000 through rights issue of 55,049,137 shares. Further, on 9 February 2022, in view of the improved financial position of the Company, the Board of Directors of the Company have approved withdrawal of the rights issue file from Capital Market Authority (CMA).

### **2.1 BASIS OF PREPARATION**

These interim condensed financial statements have been prepared using historical cost convention. **5.1 SIDF BORROWING**

The borrowing agreement with SIDF provided for a borrowing of Saudi Riyals 600 million to finance expansion and construction of the Company's production facilities, which was fully drawn by June 2010 due in March and September 2020. Up-front and annual administrative fees were charged by SIDF under the borrowing agreement. In March 2021, the Company signed a restructuring agreement with SIDF to principally reschedule the repayment of the principal amount of borrowing from 2021 to 2022. Such restructuring did not result in substantial modification of the terms of the previous borrowing agreement. The carrying amount of the borrowing was adjusted, as per the restructured terms, which resulted in a loss of Saudi Riyals 0.4 million. In February 2022, SIDF agreed, based on the Company's request to reschedule the instalment due in March 2022 to June 2022 and the Company settled the instalment during the period.

The covenants of the SIDF borrowing require the Company to maintain certain level of financial conditions, limiting dividends distribution and annual capital expenditure above certain limits and certain other matters. The borrowing is secured by a mortgage of the property, plant and equipment of the Company at 30 June 2022. The carrying value of the SIDF borrowing is denominated in Saudi Riyals. At 30 June 2022, the Company was compliant with covenants related to the SIDF facilities.

**5.2 MURABAHA FACILITIES**

During 2007, the Company entered into an agreement with a syndicate of banks, namely, Arab Banking Corporation (B.S.C), Riyad Bank, Samba Financial Group, Saudi Hollandi Bank, National Commercial Bank and Saudi British Bank (collectively "Murabaha Facility Participants") to provide Murabaha Facilities for financing of expansion projects. These borrowings bear finance costs based on prevailing market rates which are based on Saudi inter-bank offered rates. As at 31 December 2020, the aggregate maturities of these borrowings were spread in 2021 through 2022.

In February 2021, the Company signed a restructuring agreement with the lender institutions to principally reschedule the repayment of the principal amount of borrowing from 2021 through 2022 to 2021 through 2028. Such restructuring did not result in substantial modification of the terms of the original borrowing agreement. The carrying amount of the borrowing was adjusted, as per the restructured terms, which resulted in a gain of Saudi Riyals 2.9 million. During the period, the Company settled SR 150.7 million as early settlement of the Murabaha facilities. The entire Murabaha facility is expected to be settled in 2022 with the use of Murabaha Refinancing Facility entered by the Company subsequent to the reporting date (refer note 1 "Restructuring of long-term borrowings").

The covenants of the borrowing facilities require the Company to maintain certain level of financial conditions, limiting dividends distribution and annual capital expenditure above certain limits and certain other matters. The borrowing is secured by a mortgage of the property, plant and equipment of the Company at 30 June 2022. The carrying values of such long-term borrowings are denominated in Saudi Riyals. At 30 June 2022, the Company was compliant with covenants related to the Murabaha facilities.

The Company has filed an appeal against ZATCA's assessments.

During 2021, ZATCA issued a revised assessment with an additional zakat liability of approximately Saudi Riyals 21.3 million for the years 2014 through 2016. The management of the Company believes that the maximum liability that may arise upon the ultimate resolution of the appeal for the remaining items in the assessment for 2014 to 2016 is Saudi Riyals 2 million which is included in zakat payable as of 30 June 2022. Further, ZATCA issued a revised assessment with no additional zakat liability for the years 2017 and 2018 and confirmed refund of SR 0.3 million for 2017.

Further, ZATCA issued additional zakat assessments during 2021 for the years 2019 and 2020 with an additional liability amounting to Saudi Riyals 12.5 million. The Company filed an objection against ZATCA's assessments for these years and paid an amount of Saudi Riyals 0.4 million in 2021. ZATCA subsequently issued a revised assessment for the years 2019 and 2020 amounting to Saudi Riyals 0.6 million against which the Company filed an appeal with the GSZTCC. During the period ended 30 June 2022, GSZTCC has raised queries relating to 2019 and 2020 assessments which were responded to within the given timeframe. The Company awaits the outcome of GSZTCC's review.

Based on management's best estimate, the provision recognised as of 30 June 2022 with respect of the assessments raised is appropriate and no additional provision is required.
