Review Report on the Interim Condensed Consolidated Financial Information

We have reviewed the accompanying interim condensed consolidated statement of financial position of Hits Telecom Holding Co. K.S.C. Public - (the Parent Company) and its subsidiaries (together referred to as "the Group") as of September 30, 2016 and the related interim condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the nine months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard No (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information performed by the Independent Auditors of the Entity".

A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

Emphasis of matters

Without qualifying our report, we draw attention to Note (6) to the interim condensed consolidated financial information regarding the loan to a related party and the provision for doubtful debts made to the debt for reasons mentioned in the note.

Report on review of other legal and regulatory matters

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the accounting records of "the Parent Company". We further report that, to the best of our knowledge and belief, no violations have occurred during the Nine months period ended September 30, 2016 of the Companies Law no. 1 of year 2016 and related Executive Regulations (Note 1), law no. 7 of 2010 in respect of the establishment of Capital Market Authority and the Organization of the Securities Activity and its regulation, or of the articles and memorandum of association of "the Parent Company" that might have had a material effect on the business of "the Group" or on its interim condensed consolidated financial position.

Fair value of financial instruments

The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The Group has used the assumptions and accepted methods in the assessment of fair values of financial instruments. The fair values of the Group's financial assets and financial liabilities are determined as follows:

- The fair values of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices.
- The fair values of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on future discounted cash flow analysis using prices from observable current market transactions and dealer quotes for similar instruments.
- Fair value of the non-derivative financial instruments is not materially different from its respective carrying value.
