## INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS

**SAUDI ARABIAN REFINERIES COMPANY  
(A SAUDI JOINT STOCK COMPANY)  
JEDDAH - SAUDI ARABIA**

### Introduction

We have reviewed the interim condensed consolidated statement of financial position of Saudi Arabian Refineries Company – Saudi Joint Stock Company - ("the Company") as at March 31, 2023, the interim condensed consolidated statements of profit or loss and other comprehensive income for the three months period ended on March 31, 2023, the interim condensed consolidated statement of changes in shareholders' equity and the interim condensed consolidated statement of cash flows for the three months period then ended, and summary of significant accounting policies, and the notes (1) to (21) which considered an integral part of these interim condensed consolidated financial statements.

Management is responsible for the preparation and presentation of these interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

#### 2. Basis of preparation of the interim condensed consolidated financial statements...(Continued)

##### 2.2. Basis of measurement

These interim condensed consolidated financial statements have been prepared on the accrual basis of accounting using the going concern concept and on a historical cost basis, except for:

- Investments in equity instruments, which are measured at fair value through other comprehensive income.
- Investments in associates are accounted for using the equity method.
- Employees' defined benefit obligations, which are calculated on the basis of the present value of future obligations in accordance with the projected credit unit method.

##### 2.3. Functional and presentation currency

These interim condensed consolidated financial statements are presented in Saudi Arabian Riyals ("SR") which is the functional and presentation currency of the company.

##### 2.4. Going concern concept

The company has no doubt upon the company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

#### 3. Significant accounting estimates, assumptions and judgments

The preparation of these interim condensed consolidated financial statements requires management to make judgment, estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, expenses and disclosure of contingent liabilities at the reporting date. Actual results may differ from these estimates.

The significant judgments and estimates used by management in applying the Company's accounting policies, calculation methods and the key sources of uncertainty about estimation were similar to those shown in the last annual consolidated financial statements for the year ending on December 31, 2023.

#### Basics of consolidation of financial statements

The financial statements of the group include the financial statements of the company and its subsidiaries as shown in Note No. (1). Control is achieved when the Group is exposed, or has rights, to returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The Group considers controlling an investee when the Group has:

- Control of the investee company (existing rights that give it the current ability to direct the activities of the investee).
- Exposure to risks and rights to various returns from its overlap with the investee company.
- The ability to use its power over the investee company to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one of the elements of control described above. The process of consolidation of a subsidiary begins when the group obtains control of the subsidiary and ceases when the group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired during the period are included in the consolidated financial statements from the date the Group acquires control of the subsidiary until the date it ceases.

Profits and losses and all components of other comprehensive income are attributable to the equity holders of the Group's parent company and to the holders of the non-controlling interests, even if this results in a deficit balance in favor of the non-controlling interests. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

### 3. Significant accounting estimates, assumptions and judgments...(Continued)

#### Eliminations

Intra-group balances and transactions, as well as any unrealized gains or losses arising from intra- group transactions, are eliminated in full when preparing these financial statements. Unrealized gains arising from transactions with equity investees are eliminated to the extent of the Group's interest in the investee.

#### Non-controlling interests

The non-controlling interest in the net assets of a subsidiary is recognized separately from the Group's interest in net assets. Non-controlling interests consist of the amounts of those interests recognized on the date of the primary business combination as well as their shares of changes in equity in the company that occur after the acquisition date.

### 4. Changes in significant accounting policies

The accounting policies applied to these interim condensed consolidated financial statements are consistent with those followed in preparing the company's annual financial statements for the year ended December 31, 2022. There are no new standards were issued but there are a number of amendments on the standards effective at January 01, 2023. and has no material impact on the interim condensed consolidated financial statements.
