INDEPENDENT AUDITOR'S REVIEW REPORT ON CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

(1/1)

TO THE SHAREHOLDERS OF BAWAN COMPANY

(A SAUDI JOINT STOCK COMPANY)

INTRODUCTION

We have reviewed the accompanying consolidated interim statement of financial position of Bawan Company (the "Company"), a Saudi Joint Stock Company and its subsidiaries (collectively referred to as the "Group") as of September 30, 2023, the related consolidated interim statement of profit or loss and other comprehensive income for the three and nine months periods then ended, the consolidated interim statements of changes in equity and cash flows for the nine months period then ended and summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard No. 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS PERIODS ENDED SEPTEMBER 30, 2023

(ALL AMOUNTS IN SAUDI RIYALS THOUSANDS UNLESS OTHERWISE STATED)

1. GENERAL INFORMATION

Bawan Company ("Bawan", the "Company") is a Saudi Joint Stock Company registered in Riyadh, Kingdom of Saudi Arabia under Commercial Registration number 1010033032 dated 9 Shawwal 1400H (corresponding to August 20, 1980G). The Company's shares are traded on the Saudi Exchange (Tadawul). The Company's financial year ends on December 31 every year.

The address of the Group's head office and principal activities of Bawan and its subsidiaries (collectively the "Group") remain the same as disclosed in the Group's annual consolidated financial statements for the year ended December 31, 2022.

2. BASIS OF PREPARATION

Statement of compliance

The condensed consolidated interim financial statements for the three and nine months periods ended September 30, 2023 have been prepared in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The condensed consolidated interim financial statements do not include all information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Company's annual consolidated financial statements for the year ended December 31, 2022. In addition, results for the three and nine months periods ended September 30, 2023 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2023. Balances reported in the consolidated interim statement of financial position are not comparable with consolidated financial statements as of December 31, 2022 due to disposal of a subsidiary (refer note 15).

These condensed consolidated interim financial statements include the financial statements of the Company and its subsidiaries (the Group).

Basis of measurement

These condensed consolidated interim financial statements are prepared under the historical cost convention, except for certain financial instruments measured at fair value and the employee defined benefits liability which is stated at the present value of the related obligation.

These condensed consolidated interim financial statements are presented in Saudi Riyals (SR), which is the Group's functional currency, and all values are rounded to the nearest thousand, except where otherwise stated.

Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these condensed consolidated interim financial statements are consistent with those used in the preparation of the Company's annual consolidated financial statements as of and for the year ended December 31, 2022, and the notes attached thereto, except for the adoption of certain new and revised standards that became effective in the current period.

New Standards, Amendments to Standards and Interpretations effective from January 1, 2023

There are no new standards issued, however, there are number of amendments to standards which are effective from January 1, 2023 and have been explained in the Group's annual consolidated financial statements for the year ended December 31, 2022, but they do not have a material effect on the Group's condensed consolidated interim financial statements.

4. CRITICAL JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's annual consolidated financial statements as of and for the year ended December 31, 2022.

5. EARNINGS PER SHARE

The Company presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing profit for the period attributable to the ordinary equity holders of the Company separately from each of the continuing and discontinued operations by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit for the period attributable to ordinary equity holders of the Company and the weighted average number of ordinary shares outstanding during the period for the effects of all dilutive potential ordinary shares. Since the Company has no such dilutive potential ordinary shares, the calculation and presentation of basic and diluted EPS of the Company will be the same.

The following table reflects the profit and weighted average number of ordinary shares used in the computations:

6. PROPERTY, PLANT AND EQUIPMENT

During the period ended September 30, 2023, the Group purchased items of property, plant and equipment amounting to SR 76.8 million (period ended September 30, 2022: SR 52.61 million). During the period ended September 30, 2023, assets with a net book value of SR 82.12 million were derecognized as part of disposal of a subsidiary.

7. TRADE AND OTHER RECEIVABLES

7.1 The following table shows the movement in lifetime ECL that has been recognized against trade receivables during the period/year:

	September 30,	December 31,
	2023	2022
	(Unaudited)	(Audited)
As at beginning of the period / year	88,998	92,080

Written-off during the period / year	(281)	(19,295)
Transfer from other liabilities		1,400
As at end of the period / year	74,185	88,998

7.2 Other receivables as of September 30, 2023 include an amount of SR 63.82 million (current receivable of SR 31.96 million and non-current receivable of SR 31.86 million) which represents receivable from disposal of a subsidiary, Bina Industrial Investment Holding Company ("Bina Holding") (refer note 15). Out of total consideration receivable of SR 76.7 million, the Company has collected SR 12.88 million during the period ended September 30, 2023 and the remaining balance of SR 63.82 million was receivable as of September 30, 2023.

8. SHARE CAPITAL

The Company had 60 million authorized, issued and fully paid ordinary shares with a nominal value of SR 10 per share as at September 30, 2023 and December 31, 2022 amounting to total share capital of SR 600 million as at September 30, 2023 and December 31, 2022. There was no movement in share capital during the current and comparative period.

During the year ended December 31, 2022, the shareholders of the Company in the extraordinary general assembly meeting held on September 19, 2022, approved the buy-back of its shares for the purpose of retaining them as treasury shares with a maximum number of 3 million shares, when the board of directors or its authorized representatives consider that the share price on the Saudi Exchange is lower than its fair value. The resolution includes various aspects including the financing of such shares and retainage period for those shares.

9. BORROWINGS

9.1 Short-term borrowings

The Group has obtained bank facilities ("the Facilities") in the form of short-term loans, Islamic Murabaha, forward exchange contracts, and letters of credit and guarantee. The Facilities carry interest at prevailing market rates and are secured by promissory notes and corporate guarantees of the Group.

9.2 Term loans payable to banks

The Group has obtained bank loans from local banks which are repayable in quarterly/ semi-annual installments. The loans carry interest at prevailing market rates and are secured by promissory notes and corporate guarantees of the Group.

9.3 Saudi Industrial Development Fund (SIDF) loans

The Group had obtained various loans from SIDF for the construction and expansion of its concrete and plastic segment plants and the delivery of an ongoing project. These loans were guaranteed by promissory notes, corporate guarantees of the Group and mortgages of property, plant and equipment with a carrying value of nil as at September 30, 2023 (December 31, 2022: SR 44.43 million). The final repayment of SIDF loans was due in 2023. The SIDF loan was fully repaid during the current period.

All of the above borrowings require the maintenance of certain debt covenants. As at September 30, 2023 and December 31, 2022, none of the conditions cause the loans to be payable on demand by the loan agreements.

13. SEGMENT REPORTING (Continued)

Segment revenues reported above represent revenue generated from both external customers and related parties. There were no significant inter-segment revenues during the nine months periods ended September 30, 2023 and 2022. One customer contributed 10% or more of the Group's revenue during the nine months period ended September 30, 2023. No customers contributed 10% or more of the Group's revenue in the nine months period ended September 30, 2022.

The majority of the Group's operating assets and principal markets of activity are located in the Kingdom of Saudi Arabia.

14. FAIR VALUE MEASUREMENT

The Group measures financial assets at fair value through profit or loss at each statement of financial position date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. Fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits from the asset's highest and best use or by selling it to another market participant that would utilize the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The financial assets measured at FVTPL at the end of the reporting period are classified as level 1 in the fair value hierarchy. There were no transfers between the levels of fair value hierarchies during the period.
