Independent auditors' review report on the interim condensed consolidated financial statements to the shareholders of National Gas and Industrialization Company (A Saudi Joint Stock Company)

### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of National Gas and Industrialization Company (A Saudi Joint Stock Company) (the "Company") and its subsidiary (collectively referred to as the "Group") as at 30 June 2021, and the related interim condensed consolidated statements of comprehensive income, for the three and six month periods ended 30 June 2021, and the related interim condensed consolidated statements of changes in equity and cash flows for the six month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of Review

Except as described in the following paragraph, we conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Basis for Qualified Conclusion

Included in accrued expenses and other current liabilities is an unapplied collection account of SR 27.4 million (31 December 2020: SR 27.4 million). During 2020, the Company discovered that certain transactions totaling SR 25.7 million related to embezzlement transactions committed by a former employee, were routed through this account. These transactions were reversed as at 31 December 2020. Due to lack of information, other transactions in this account could not be traced and the closing balance not reconciled as at 30 June 2021. We were unable to satisfy ourselves with respect to the existence and completeness of this account, nor were we able to perform other alternative procedures. Accordingly, we are unable to determine if any adjustments may have been necessary on the balances as at 30 June 2021 and the results of operations for the period then ended and to the respective comparative figures.

Independent auditors' review report on the interim condensed consolidated financial statements to the shareholders of National Gas and Industrialization Company (A Saudi Joint Stock Company) - (continued)

### Qualified Conclusion

Based on our review, and except for any adjustments to the accompanying interim condensed consolidated financial statements that we might have become aware of had it not been for the matter described in the "Basis for Qualified Conclusion" section, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

### 18. RESTATEMENT AND RECLASSIFICATIONS (CONTINUED)

### 18.4 Details of restatement and reclassifications

- (a) The Group noted that certain trading securities and debt instruments were classified as investments held at FVTOCI. The management re-assessed the classifications of all investments held at FVTOCI, in accordance with requirements of IFRS 9.
