INDEPENDENT AUDITOR'S REVIEW REPORT
ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

To the Shareholders of
Anaam International Holding Group Company
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Anaam International Holding Group Company (A Saudi Joint Stock Company) ("the Company") and its subsidiaries (together "the Group") as at 30 June 2025 and the related interim condensed consolidated statement of comprehensive income for the three-month and six-month periods then ended, the interim condensed consolidated statement of changes in equity and the interim condensed consolidated statement of cash flows for the six-month period then ended, and other explanatory notes.

Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 – "Interim Financial Reporting" (IAS 34) that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information are not prepared, in all material respects, in accordance with IAS 34 is endorsed in the Kingdom of Saudi Arabia.

Material Uncertainty Related to Going Concern

We draw attention to note 2-7 to the interim condensed consolidated financial information which indicates that at the reporting date, the Group has accumulated losses amounted to SR 60,6 million as of the reporting date and its current liabilities exceeded current assets by SR 159,4 million. These events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

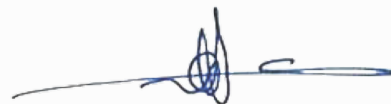

Emphasis of Matters

We draw attention to note 22 to the interim condensed consolidated financial information, which outlines the material adjustments made to the interim condensed consolidated statement of comprehensive income for the period ended 30 June 2024, and to the consolidated statement of financial position as of 31 December 2023. Our conclusion is not modified in respect of this matter.

(**) On 1 January 2024, the Group has acquired 12% more shareholding of this entity. Accordingly, the Article of Association of the entity was updated.

(***) During the year 2024, the entity has been fully disposed off and presented as discontinued operation (note 12).

2. BASIS OF PREPARATION

2-1 Statement of compliance

The interim condensed consolidated financial information has been prepared in accordance with International Accounting Standard 34 - “Interim Financial Reporting” (“IAS 34”) and other standards and pronouncements, as endorsed by Saudi Organization for Chartered and Professional Accountants (“SOCPA”) in the Kingdom of Saudi Arabia (“KSA”).

2- BASIS OF PREPARATION (CONTINUED)

2-1 Statement of compliance (Continued)

The interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the annual audited financial statements for the year ended 31 December 2024.

2-2 Basis of measurement

The interim consolidated financial information has been prepared on a historical cost basis, except for the items which are measured at fair value, present value, net realizable value and replacement cost in line with the accrual basis of accounting and going concern.

In addition, results for the period ended 30 June 2025 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2025.

2-3 Functional and presentation currency

The interim condensed consolidated financial information are presented in Saudi Riyals which is also the Group's functional currency.

2-4 Income and cash flow statements

The Group has elected to present interim condensed consolidated statements of comprehensive income and presents its expenses by function.

The Group reports interim condensed consolidated statement of cash flows from operating activities using the indirect method.

2-5 Basis for consolidation

Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if, and only if, the Company has:

Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee):

- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its return.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Company's voting rights and potential voting rights

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year / period are included in the interim condensed consolidated financial information from the date the Group gains control until the date the Group ceases to control the subsidiary.

Income and each component of other comprehensive income are attributed to the equity holders of the part of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the information of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Company are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Company loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interests and other components of equity, while any resultant gain or loss is recognised in interim condensed consolidated statement of comprehensive income. Any investment retained is recognised at fair value.

ANAAM INTERNATIONAL HOLDING GROUP COMPANY
(A SAUDI JOINT STOCK COMPANY)
NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION
FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED 30 JUNE 2025 (UNAUDITED)
(Saudi Riyals)

2- BASIS OF PREPARATION (CONTINUED)

2-6 Using judgments and estimates

In preparing the interim condensed consolidated financial information, management has made judgments and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual consolidated financial statements.

2-7 Going concern

The the Group has accumulated losses amounted to SR 60,6 million and its current liabilities exceeded its current assets by SR 159,4 million as of 30 June 2025. These events or conditions indicate that the Group will be unable to meet its future obligations when fall due. The interim condensed financial information has been prepared on a going concern basis of accounting after taking into account, amongst others:

- Total equity is positive at 30 June 2025;
- The zakat provision, amounting to SR 103.2 million, represents 49.8% of the current liabilities. It corresponds to the assessments imposed on the Group by ZATCA, which are currently under appeal. Management believes that the process will support a reduction of more than 75% of the balance, with the remainder to be paid in installments over more than one year;
- The Group also plans to increase its capital to finance working capital, reduce borrowing levels, and support, develop, and enhance its future business activities; and
- The Group is working on finding suitable investment opportunities to generate additional income.
- The Company's management has assessed its ability to continue using the going concern basis, and according to what mentioned above, management has concluded that it has the necessary resources to continue its activities in the future. Additionally, management is not aware of any material uncertainties that would cast doubt on the Company's ability to continue as a going concern.

Therefore, the interim condensed consolidated financial information has been prepared on a going concern basis.

3. MATERIAL ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2024.

Acquisition of Additional Shares in a Subsidiary

On 21 Dhul-Qi'dah 1442H (corresponding to 1 July 2021), the Group gained control over Saudi Wasit Factory for Entertainment and Beauty Systems Industry by acquiring 51% of its share capital, making it a subsidiary from that date.

Saudi Wasit Factory for Entertainments and Beauty System

- 14-1 The entity has a long-term facility from the Saudi Industrial Development Fund (SIDF) amounted of SR 16.87 million. The total outstanding balance of the loan as at 30 June 2025 amounted to SR 13.38 million (31 December 2024: SR 13.25 million). The loan has a zero-interest rate, it is a government grant, and the relevant conditions for government grants have been fully complied with, accordingly, the difference between the fair value of loan and book value (being the discounted present value of the loan using effective interest rate) is considered as a deferred income (Government Grant) that is amortized over the period of the loan duration (note 14-4). These facilities are secured by promissory notes and guarantees from the subsidiary's shareholders, in addition to a mortgage on a portion of the Company's assets (note 5). The semi-annual repayment of the loan begins on 18 March 2024 and final payment is due on 3 February 2026. The loan agreements contain certain covenants which among others, require that the entities maintain specified financial ratios.

The Company has not complied with certain covenants as stipulated in the loan agreement. Accordingly, the total loan amount is classified under current liabilities as 30 June 2025 and 31 December 2024.

Parent company

- 14-2 During 2022, the Parent Company has obtained long-term facility from Alinma Bank amounting to SR 153.2 million to finance the purchase of an investment property consisting of land and a building on Prince Sultan Street, Jeddah. As of 30 June 2025, the total balance outstanding balance of this loan amounted to SR 129.4 million (31 December 2024: SR 131.68 million). Under the loan agreement, the loan carries an interest rate based on SAIBOR plus a 2% profit margin. It is repayable in semi-annual installments over 10 years, starting from 29 December 2023, until 29 June 2032. The loan is secured by a mortgage on investment properties (note 6).

As at 30 June 2025, the Company has not complied with certain covenants as stipulated in the loan agreement. However, the Company has obtained a waiver from Alinma Bank regarding the breached financial covenants. Consequently, the loan has been classified according to its payment dates (31 December 2024: the total loan balance was classified as a current liability).

Anaam International Investment Company

- 14-3 In 2023, the Company obtained a long-term loan of SAR 13 million from Alinma Bank to finance the acquisition of a stake in United Inks Production Company. As of 30 June 2025, the total outstanding balance of this loan amounted to SR 12 million (31 December 2024:SR 12.51 million). According to the loan agreement, the loan carries an interest rate based on SAIBOR plus 3%. It is repayable over 15 years on a semi-annual basis, starting from 24 February 2024, until August 24, 2038. The loan is secured by a mortgage on an investment property consisting of land and a building located on Tahlia Street, Jeddah (note 6).

The loan was not used for a purpose as stipulated in the loan agreement. Accordingly, the total loan amount is classified under current liabilities as at 30 June 2025 and 31 December 2024.

The remaining balance will be repaid through monthly deductions in the coming years. These loans do not incur any interest.

21. FAIR VALUE MEASUREMENT

All assets and liabilities for which fair value is measured or disclosed in the interim condensed consolidated financial information are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Suppose the inputs used to measure the fair value of an asset or liability falls into different levels of the fair value hierarchy. In that case, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest input level that is significant to the entire measurement.

Below is a comparison, by class, of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	30 June 2025 (Unaudited)			
	Balance	Level 1	Level 2	Level 3
