## $\frac{\textbf{REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL}{\textbf{STATEMENTS}}$

To the Shareholders of Almarai Company (A Saudi Joint Stock Company)

#### **Introduction**

We have reviewed the accompanying condensed consolidated statement of financial position of Almarai Company (the "Company") and its subsidiaries (collectively referred to as the "Group") as at 30 September 2021 and the related condensed consolidated statements of profit or loss and comprehensive income for the three-month and nine-month periods ended 30 September 2021 and the condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

#### **Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

# NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS FOR THE NINE MONTH PERIOD ENDED 30 SEPTEMBER 2021

#### 1. THE COMPANY, ITS SUBSIDIARIES AND ITS BUSINESS DESCRIPTION (Continued...)

#### Purchase of additional stake in MFI:

a) On 24 Ramadan 1442 A.H. (2 May 2021), the Group has acquired further 15% shares in MFI owned by Olayan Financing Company for a total value of SAR 150 million, resulting in an increase in its shareholding from 60% to 75%. The purchase was accounted for as an equity transaction with owners with no impact on the profit or loss account for the nine-months period ended 30 September 2021. The difference of Saudi Riyals 103 million between the carrying value of Non-Controlling Interest and consideration paid was recorded under equity as part of other reserves.

#### Potential Acquisitions / Asset Purchase Transactions:

- a) On 20 Shabaan 1442 (15 March 2021), the Group entered into a Share Purchase Agreement ('SPA') to acquire 100% shares of Bakemart FZ L.L.C and Bakemart L.L.C, based in United Arab Emirates and Bakemart W.L.L based in Bahrain (collectively "Bakemart") for an enterprise value of AED 93.5 million (SAR 95.5 million).
- b) On 20 Shawwal 1442 (1 June 2021), the Group entered into an Asset Purchase Agreement ('APA') with Binghatti Beverages Manufacturing L.L.C ("BBM") for the purchase and acquisition of BBM production facility based in United Arab Emirates for the consideration of AED 215 million (SAR 219.3 million).

The closures of the acquisitions/asset purchase transactions and determination of a date of control is subject to completion of certain conditions/requisites outlined in the respective agreements. It includes but not limited to approvals from regulatory authorities, appointment of Board of Directors and appointment of key management personnel. As at 30 September 2021, these conditions have not been met and Management believes that these acquisitions have not met the substantive condition test under the relevant accounting standards and as such the financial impact and results of the acquisitions will be incorporated in Group's Financial Statements on successful completion of these conditions.

#### Covid-19 Update:

In response to the spread of the Covid-19 in GCC and other territories where the Group operates and its resulting disruptions to the social and economic activities in those markets, Management continues to proactively assess its impacts on its operations. The preventive measures taken by the Group in April 2020 are still in effect including the creation of on-going crisis management teams and processes, to ensure the health and safety of its employees, customers, consumers and the wider community as well as to ensure the continuity of supply of its products throughout its markets. Notwithstanding these challenges, the Group's operations continue to remain largely unaffected as the food industry in general remains exempt from the various bans and constraints imposed by various regulatory authorities including exemption from curfew hours and cargo shipping and flight operations restrictions. Farming and manufacturing facilities continue to observe restricted access; however, the management is currently in the process of formulating protocols to arrange for access of fully vaccinated individuals on such sites.

The underlying demand from retail and wholesale customers for the Group's products has been largely unaffected, although some small shifts in product mix were apparent. The management developed a comprehensive plan to get all its employees vaccinated and managed to secure the vaccination rate in excess of 90% as of 30 September 2021.

Based on these factors, Management believes that the Covid-19 pandemic has had no material effect on Almarai's reported financial results for the period ended 30 September 2021.

The Group continues to monitor the Covid-19 situation closely although at this time management is not aware of any factors that are expected to change the impact of the pandemic on the Group's operations during 2021 or beyond.

#### Zakat and Income Tax assessments

During 2021, the Group received assessment orders for Almarai Company for the years from 2015-2018. Appeals against the assessments have been filed and are under review as at 30 September 2021. Management believes that the decisions on appeal against the open years' assessments will not result in material amounts that are in addition to what have already been recorded in the Condensed Consolidated Interim Financial Statements.

#### Comparability of Quarterly Results:

Unlike the year-end Consolidated Financial Statements, the quarterly Condensed Consolidated Interim Financial Statements are normally prepared on a basis which reflects the weekly cycle of operational close of the financial systems. The operational close date will therefore not necessarily be exactly the same as the last day of the calendar quarter. Such differences average

out such that differences in the length of the current period and comparative period are insignificant or management adjusts the close date accordingly to ensure that such periods are comparable.

The results for the period are not indicative of the Group's annual result.

#### 2. BASIS OF PREPARATION

#### 2.1 Statement of Compliance

These Condensed Consolidated Interim Financial Statements have been prepared in accordance with International Accounting Standard IAS 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") and should be read in conjunction with the Group's last annual Consolidated Financial Statements for the year ended 31 December 2020. They do not include all of the information normally required for a complete set of Consolidated Financial Statements under IFRS; however, accounting policies and selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since 31 December 2020.

#### 2.2 Preparation of the Financial Statements

These Condensed Consolidated Interim Financial Statements have been prepared on the historical cost basis except for the following material items in the Condensed Consolidated Statement of Financial Position:

- Derivative financial instruments are measured at fair value;
- Equity Investment is measured at fair value through OCI;
- The defined benefit obligation is recognised at the present value of future obligations using the Projected Unit Credit Method: and
- Biological Assets, where fair value is reliably measurable, have been measured at fair value.

#### 2.3 Use of Judgments and Estimates

In preparing these Condensed Consolidated Interim Financial Statements, management has made judgments and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual Consolidated Financial Statements (except for events and transactions disclosed in Note 1).

#### 3. FUNCTIONAL AND PRESENTATION CURRENCY

These Condensed Consolidated Interim Financial Statements are presented in Saudi Riyals ("SAR"), which is the Company's functional and Group's presentation currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

#### 4. SIGNIFICANT ACCOUNTING POLICIES

#### New Standards, Amendment to Standards and Interpretations:

There are no new standards issued, however, there are number of amendments to standards which are effective from 1 January 2021 and has been explained in Group annual Consolidated Financial Statements, but they do not have a material effect on the Group's Condensed Consolidated Interim Financial Statements.
